

Freegrounds Infant School

Acceptable Internet Use Agreement

For Children

These rules help to protect pupils and the school by describing acceptable use of the internet. Remember that the school owns the computer network and can see anything you do on it and people who use the internet in school in the wrong way may be stopped from using it.

I must use my own log in details.

I will be polite, kind and gentle when using technology including Laptops and Ipads.

I will keep personal information private.

I will check if is okay before sharing pictures.

I will check with a teacher before using the internet and downloading things.

If I see something that upsets me, I will tell an adult straight away.
