

LITERACY

In Literacy we will share lots of stories, rhymes and songs to develop listening and language skills. Our Early Phonics will begin with tuning into sounds, noticing rhyme and alliteration and sounds in our environment. We will then move on to Orange Phase of our Pip and Pap Synthetic Phonics Programme, initially learning the sounds and names of the letters 'S, A, T, P, I and N. Children will begin to recognise and write their names, explore environmental print and logos, learn about the sounds in words, and start their early mark-making and writing journey. We will enjoy books such as I Am Hungry, The Colour Monster and The Enormous Turnip and use these as a basis for our learning during Drawing Club.

PHYSICAL DEVELOPMENT

As part of our Physical Development the children will be taking part in one indoor PE lesson and one balanceability session a week. They will be participating in a variety of activities in our outside provision developing core strength and gross motor skills. Our Kinetic Letters programme also helps strengthen the children's core stability and develop fine motor control needed for writing.

MATHS

In Mathematics, we will be developing our counting skills, noticing patterns, sorting and comparing objects, exploring shape and beginning to understand numbers in different ways through practical, hands-on activities.

MARVELLOUS ME

EXPRESSIVE ARTS AND DESIGN

In Expressive Arts and Design, children will enjoy painting, drawing, model making, colour mixing, music and imaginative play. They will have opportunities to express their ideas creatively and explore different materials and techniques.

UNDERSTANDING OF THE WORLD

As part of our learning about Understanding the World, we will use our senses to investigate and explore, talk about our families and how we have changed over time, learn about keeping healthy through healthy eating, exercise and dental care, and discover more about the world around us

HOW YOU CAN HELP AT HOME

- Encourage your child to talk about their day and the things that make them special.
- Practise recognising and writing their name.
- Share stories together every day.
- Look out for familiar logos and signs when you are out and about.
- Talk about what you can see, hear, smell, taste and touch to support our senses learning.
