

Moving to Year 2...a new adventure!

Soon, I will be moving from Year 1 to Year 2.

This is an exciting change, and it means I am growing up and learning new things.

In Year 2, I will have a new classroom.

It might look a little different, but that's Ok,. Lots of things will still be the same.

I am in Emerald class.

My teacher is Miss Smith. My LSA is Mrs Kotch.

I will come in to school each morning through this door.

My new teacher will help me learn, just like my Year 1 teacher. They will be kind and help me if I'm unsure or need support.

I will still see my friends, play at break time, and eat lunch at school. I will still have fun and learn new things every day.

Sometimes, I might feel a little nervous.
That's okay. Lots of children feel that way when things change. I can talk to my teacher or a grown-up if I need help.

I am ready for Year 2.

I am strong, smart, and I can do great things. I will try my best and have a fantastic time learning and growing.
